

IDEA2024 CONGRESS

Beijing, China, July 15-20 2024

URGENT INFORMATION ABOUT 10th IDEA World Congress in Beijing, China, 15-20 July 2024

Dear IDEA2024 Congress participant,

We write to you urgently to alert you about an important change of venue for the Congress. The preparations for the Congress have been going smoothly, and this is also a shock for all of us.

The congress venue will now be: Beijing No.2 Middle School Chaoyang School

Address: No.6, Xili, Yaojiayuan, Chaoyang District, Beijing

大会地点：北京市第二中学朝阳学校

地址：北京市朝阳区姚家园西里6号

This is a different district of Beijing. We are aware of the issues it is causing, and we will do everything in our power to make this change as easy as possible for all of you.

Why has there been a change of venue?

This change is necessary and beyond the control of the organising committee. An important safety issue with the original venue has been identified and made the change necessary. The alternative venue will provide similar or better facilities. The new venue is also closer to the city center.

We understand that changes like this can be upsetting and worrying. We sincerely apologise and need you to know that the organising team in Beijing are working to make the transition as smooth as possible, and can locally help with all issues that emerge.

What happens now?

You will have many questions. We have tried to anticipate some of them. Please see the information included below. Please do not hesitate to write to the IDEAC team for any questions and help that can be provided locally, in Beijing.

Sincerely,

Mr. Wu, IDEA2024 Congress Director

Sanja Krsmanović Tasić, IDEA President

15.th of June 2024.

The alternative venue will provide similar or better facilities.

Where is the new venue located?

This map shows the two venues.

Is the new venue close to the old venue?

No.

The new venue is a different district of Beijing.

Beijing is large city.

Travelling time between the venues is about 1 hour + depending on traffic.

Should I change my accommodation?

Yes.

We know that many people will have already booked and paid for accommodation for the original venue.

The travelling time between original accommodation options and new venue is going to be long.

	<p>IDEA2024 suggests that you cancel original accommodation booking and book closer to the new venue.</p> <p>We understand that this is a major inconvenience. But your congress experience will be better if you do not have significant travelling time.</p> <p>Information on accommodation near the new venue is provided in this message.</p>
